

Website: www.gearterssports.com	Date: October 2026	Audience: Management & Product Admin	Technical Status: All Tests Passed ✓
------------------------------------	-----------------------	---	---

1. Current SEO Status (Where We Stand)

✓ Google Search Ranking Verified:

Your website is actively crawled, indexed, and recognized by Google Search. Exact product searches (such as "Pro Competition Gloves (Art No. GS-1003)") are already ranking at the #1 position on Google Search!

Clean Web Addresses (SEO Slugs)

Google no longer sees generic numeric IDs like /productview/23. Every product now has a keyword-rich, human-readable URL (e.g. /products/pro-competition-gloves-gs-1003).

Google Rich Snippets (100% Passed)

Verified on Google's official testing tool with all green checkmarks for Product Data, SKUs/Article Numbers, Brand, Breadcrumbs, and Merchant Listings.

Safe 301 Permanent Redirects

If any buyer or Google bot clicks an old indexed link, the system seamlessly redirects them to the new address with zero broken links or lost rankings.

Brand Knowledge Graph Setup

Structured organization data tells Google's search algorithms that Gearters Sports is an authentic manufacturing brand, avoiding spellcheck confusions.

2. Product Entry Guide (Admin Panel Rules)

Follow these simple rules when adding or updating products in your admin panel. This is what Google uses to bring you international B2B buyers:

Rule A: Product Titles (Names)

Keep titles descriptive and focused on what the item actually is. The website automatically tags "Gearters Sports" at the end for Google, so **do not type "Gearter" in front of the name**.

✗ Do Not Use:

Gearter Combat Shorts
Gearter Pro Gloves

✓ Best Practice:

Combat Fight Shorts
Pro Competition Gloves

*Tip: Always ensure the **Article Number** (e.g., GS-1003, S-0001) is typed accurately.*

Rule B: Product Descriptions (Crucial for Ranking)

Please avoid 1-sentence descriptions. Aim for **80 to 120 words** using this 4-point structure:

- **Material & Padding:** Genuine cowhide leather, 4-way stretch polyester, multi-density EVA foam.
- **Fit & Closure:** Full wrap-around Velcro strap, lace-up closure, elastic drawstring waistband.
- **Intended Usage:** Pro sparring, heavy bag drills, amateur bouts, competition.
- **B2B Wholesale Line:** "Available for custom brand logos, OEM private labeling, and bulk export orders worldwide."

Sample Recommended Description:

"The Pro Competition Gloves (Art No. GS-1003) are engineered for professional sparring and fight conditioning. Handcrafted from premium cowhide leather with multi-layered shock-absorbing EVA foam for optimal knuckle protection and wrist alignment. Features a secure lace-up closure and breathable lining. Built for gym owners, fight clubs, and retail sports brands. Full OEM custom branding, private labeling, and bulk export available worldwide."

Rule C: Product Images

Use crisp, clean photos on solid or transparent backgrounds. When possible, add 2-3 images showing different angles (front, back, closure/wristband) so international buyers can inspect stitching and craftsmanship.

3. Expectations, Keywords & Strategy

Gearters Sports is a **custom manufacturer & bulk exporter**. Our SEO strategy targets serious business buyers who place 50 to 500+ unit orders, not retail shoppers buying a single item off Amazon.

Search Type	Search Term Example	Page 1 Probability	Commercial Value to You
Specific Product Code	"Pro Competition Gloves GS-1003"	95% - 100% (Ranking #1 Now)	High (Buyer looking for this specific item)
Factory / Exporter	"boxing gloves manufacturer Sialkot"	75% - 90%	Highest (Gym owners & importers sourcing factories)
Custom / Private Label	"custom boxing gloves low MOQ"	70% - 85%	Highest (Apparel brands ordering custom production)
Broad Retail	"boxing gloves" or "best boxing gloves"	< 0.1% (Dominated by Amazon/Venum)	Low (Casual retail shoppers wanting 1 piece)

4. Quick Checklist Outside the Code

1. Google Business Profile

Claim or register a free Google Business Profile for your factory/office in Sialkot. This solidifies your company in Google Maps and local business listings.

2. Social Profile Links

Ensure your Instagram, Facebook, and LinkedIn bios include the exact website address:
<https://www.gearterssports.com>.
